

CDN Consular Services Limited recognises and acknowledges our responsibility to reducing our impact on the environment through operating sustainably and therefore reducing our overall carbon footprint.

We endeavor to regularly review and improve our environmental performance through several key initiatives and projects.

We are committed to:

Complying with all current environmental regulations, reviewing, and revising where applicable

Upgrading our existing fleet with new hybrid vehicles therefore reducing CO2 emissions and fuel consumption

Implementing Environmental Training programme across all staff raising awareness and educating on the impact we as a business have on the environment and how we can aim to reduce our carbon footprint- encouraging contribution and participation

Minimising our paper wastage and adopting a power off/lights off when not in use policy

Reviewing existing approved suppliers and ensuring all meet our sustainability commitment requirements

Continual improvement over time through regular measurement and review of our environmental impacts and setting goals to reduce these impacts each year
